## THE EASTERN WAR

The Long Contemplated Attack on Port Arthur Began Early Thursday.

## THE RUSSIAN FORCE REINFORCED.

The War Vessels in the Harbor, With Their Great Guns, Aided the Land Forces.

It Is Reported That a Jap Army of 20,000 Landed at Takushan, Presumably to Reinforce Gen. Kuroki, Returned to Takushan.

Che Foo, June 10.—The long contemplated attack by the Japanese on Port Arthur began early Thursday morning. The Russian forces around the beleaguered city were reinforced by the troops which had garrisoned Dalny and Kin Chou. The Russian vessels in the harbor, with their great guns, aided the land forces in repelling the attack. The fighting still goes on.

Che Foo, June 10.—Chinese who arrived here from Takushan say that the Japanese army of 20,000 men who landed at Takushan last month and proceeded toward Feng Wang Cheng, presumably to reinforce Gen. Kuroki, returned to Takushan, May 29. The Chinese believed that the Japanese had been defeated by the Russians, but it is regarded here as more likely that the advance toward Feng Wang Cheng and return to Takushan was simply a Japanese feint. The Chinese further report that a small body of bandits attacked the Japanese at Kin Chou and that 40 of the bandits were killed. It is also stated by the Chinese that a number of Russian officers have been court-martialed for diverting funds given them to pay for Chinese transport wagons.

St. Petersburg, June 10.—All Japanese movements are interpreted here as caused by anxiety to hamper as much as possible whatever movement Gen. Kuropatkin may be making to help Port Arthur. Not only have the Japanese bombarded the west coast of Liao Tung peninsula where the railway runs close to the shore, making feints of debarkation, but Gen. Kuroki has assumed the offensive eastward. He has sent an overpoweringly strong column that drove out the Russians from a fortified position at Salmatze, 20 miles northwest of Feng Wang Chang, inflicting a loss of 100 men.

Among the rumors that fill the city is one on better authority than the average that Gen. Kuropatkin is himself moving southward from Liao Yang. It is not possible to authoritatively confirm the report.

The public takes hold eagerly of every scrap of information or misinformation concerning events in the far east. Every one is alert for official news of a serious attack on Port Arthur which it is felt can not be long delayed. St. Petersburg is displaying more interest in the fate of Port Arthur than in any event since the first naval reverse.

## ELECTRIC LINE ACCIDENT.

Twenty-Seven People, Including Politicians and Old Soldiers, Hurt.

Des Moines, Ia., June 10.—Twenty-seven people, including several prominent Iowa politicians and a number of old soldiers, were injured in an accident on the Mason City & Clear Lake electric line as they were returning to Mason City from the last camp fire of the state G. A. R. encampment Thursday night. A trailer on a heavily loaded train jumped the track while going at a high rate of speed and turned completely over. Fortunately a culvert kept the car from falling upon the passengers who had been thrown from the windows, which was all that prevented loss of life.

## A LIFE PRISONER.

He Refuses to Accept the Conditional Pardon Offered Him.

Hartford, Ct., June 10.—Antonio Sperano, a life prisoner at the state penitentiary who on Monday last was granted a conditional release by the board of pardons, has declined to accept the release. When informed of the condition of his release, which was that he should return to Italy, he became very much excited and said: "I can not go back to Italy and work for 15 cents a day. I would rather stay in prison."

## New World's Record Created.

Cambridge, Mass., June 10.—James F. Moran, of Chelsea, created a new world's record for one hour's riding behind four horse-power machines at Charles River park Thursday night, making the distance of 41 2-5 miles in the hour.

## QUESTS OF THE GOVERNMENT.

Honorary Board of Filipino Commissioners Reaches Washington.

Washington, June 10.—Members of the honorary board of Filipino commissioners to the Louisiana purchase exposition commission, reached Washington at 5:05 p. m. Thursday, and from this point will begin their tour of the United States as the guests of the government. The party consists of 43 commissioners named by the civil governor of the Philippines in accordance with an act of congress appropriating \$75,000 for their entertainment of and several ladies. The officer in charge is Hon. A. W. Ferguson, executive secretary of the Philippine islands, while Thomas Hardeeman, late captain United States volunteers, is with the party as disbursing officer. The Washington visit will continue until Monday morning, when the party will start for New York and the New England states. A delegation of Washington business men and representatives of the war department met the commissioners on their arrival. Under the train shed the commissioners were halted and President F. K. Raymond, of the Washington Business Men's association, delivered a speech of welcome. He greeted the visitors as fellow citizens, and reminded them that they were in their national capital and that hosts and guests were under the same flag. Carriages then were taken up Pennsylvania avenue to the Arlington hotel, where headquarters have been established for their party in Washington.

## ATTORNEY GENERAL KNOX.

He Has Been Selected to Succeed the Late Senator Quay.

Philadelphia, June 10.—Philander C. Knox, of Pittsburgh, attorney general of the United States, was selected Thursday to fill the seat in the United States senate made vacant by the death of Matthew Stanley Quay. He will accept and serve by appointment of Gov. Pennypacker until March 4, the date of the expiration of the late senator's commission. Unless political complications should arise as a result of Thursday's action, he will be elected for the full term by the legislature, which meets in January. It is expected that Attorney General Knox will remain in the cabinet until December.

## THE BREWERS' ASSOCIATION.

The Next Convention Will Likely Be Held in Cincinnati.

St. Louis, June 10.—The United States Brewers' association concluded the business of the 44th annual convention Thursday and adjourned to meet next year at a place and date to be hereafter selected by the board of trustees. Cincinnati wishes to entertain the body next year and it is probable that it will meet there, so it is stated. All of the officers except five trustees, who had served the time limit, hold over another year. Among the new trustees chosen is Carl J. Hoster, Columbus, O. Leo Ebert, Ironton, O., was elected an honorary president of the association.

## TRIO OF TRAIN ROBBERS.

A Battle With a Posse and One Was Killed, the Others Escaping.

Newcastle, Col., June 10.—A posse of ranchmen and cowboys living in the neighborhood of Garfield, west of this place, came upon three men supposed to be the Denver & Rio Grande train robbers, who dynamited the express car of a train near Parachute, Col., Tuesday night, and in a battle which followed one of the pursued was killed. The other two escaped into Garfield canyon and at last accounts were completely surrounded. It is thought that escape is impossible. Elmer Chattman, a cowboy, received a slight flesh wound.

## STRIKE WAS UNAUTHORIZED.

The Boilermakers Will Be Given No Assistance.

Bloomington, Ill., June 10.—All but nine of the Illinois Central boilermakers at the Clinton shops returned to work Thursday. All the strikers at Mattoon have returned. A message received from John McNeil, of New York, president of the National Boilermakers' union, says the strike is unauthorized, and the men will be given no assistance.

## Received His Instructions.

Washington, June 10.—Thomas C. Dawson, who for seven years has been secretary of legation at Rio de Janeiro and who has just been appointed United States minister to San Domingo, called at the state department to receive his instructions.

Covington, Ky., June 10.—Scott street, from Twelfth street to Eighteenth street, will be improved with creosote blocks, the aldermen at their meeting concurring in the action of the councilmen by a unanimous vote.

## WAR ON UNIONS.

"Death to Unionism" is the New Slogan of the Citizens Alliance.

## A DECREE WAS SENT BROADCAST.

Every Person Connected With Any Union Must Sever His Connection or Leave the District.

Merchants and Business Men Will Be Asked Not to Employ Any One Who Is Affiliated With a Labor Union.

Cripple Creek, Col., June 10.—"Death to unionism in the Cripple Creek district" is the new slogan of the Citizens' Alliance which has sent a decree broadcast that every person connected with any union here must either sever his or her connection with such organization or leave the district.

This latest stand of the anti-unionists was vaguely hinted at two days ago, but the movement on the part of the alliance seemed so absurd to 3,000 or 4,000 unionists in the camp and its enforcement fraught with so many difficulties that it was not taken seriously.

Tyson S. Dines, a Denver attorney, and one of the executors of the Stratton estate, is here in conference with Citizens' Alliance leaders and it is announced that he is preparing a form which will be presented to every merchant and business man and other employers of labor in the entire district, pledging them not to employ any person who is affiliated with a labor union.

No person who works for a living will be exempt, and the absolute annihilation of unionism in this county is predicted by members of the Citizens' Alliance and the Mine Owners' association. This is considered the most drastic step yet taken by the alliance since it secured the upper hold in the district and its enforcement will affect 3,000 men and women now affiliated with the various unions. Among the unions that will be affected with the new movement are the clerks, cooks and waiters, bartenders, carpenters, electricians, trainmen and stone and brick masons. The unionists assert they will fight the movement to a finish.

Victor, Col., June 10.—Adj. Gen. Sherman M. Bell, commander of the Teller county military district, Thursday ordered the Portland mine, which employs union men, closed down.

The Portland is the only large mine in the district that has continued in operation since the explosion at Independence on Monday which killed or maimed more than 20 non-union miners. The Portland Gold Mining Co., through its president and manager, James F. Burns, who is not a member of the Cripple Creek district Mine Owners' association, conceded the demands of the union when the strike was inaugurated last August, and has steadily given employment to about 500 men.

The commission appointed by Gen. Bell to inquire into the records of the miners under arrest reported to him Thursday a list of 97 union miners with the recommendation that they be deported. Gen. Bell accepted their report and announced that the men would be sent out of Teller county as soon as a special train crew could be arranged for.

Victor, Col., June 10.—In a bloodless assault made by 150 militiamen and deputies, led by Adj. Gen. Bell, on the Portland mine Thursday, the mine was indefinitely closed, to be reopened later on terms which will prevent any workman securing work without presenting satisfactory working cards from the Mine Owners' association. Gen. Bell says the mine was closed because of "military necessity," as the men working in it were contributing to the support of the strikers and thereby continuing the present conditions in the district. The proclamation also states that dangerous men in the mine should be held. What promised to be the bloodiest engagement the district has ever seen passed away as mildly as a summer shower. Without the firing of a shot or a harsh word, the general and his force marched up to the mine, took possession, read the proclamation concerning the present disposition of the mine and then left the employees of the Portland Co. in charge of the plant. Following the closing of the Portland it was announced that the mines will begin to reopen Friday, the non-union mines first and others later, and that business is to be resumed in the district at once.

Calhoun, Ky., June 10.—Hotly contested elections as to whether or not whisky should be sold in Rumsey and Calhoun were held Wednesday. The dries won 26 majority in Rumsey and by a vote of 97 to 95 in Calhoun.

## LOUISVILLE MAN DROWNED.

He Lost His Life in the Water at Newport, R. I.

Louisville, Ky., June 10.—The body of the man found at Newport, R. I., Wednesday morning, with circumstances pointing to drowning or to death by pistol shot, seems to have been H. G. Eddy, of Louisville. This name was on a strap in his coat, and on the buttons was the firm name of Jenne & Doll, Louisville tailors. The man left his wife and family in Louisville three years ago. The wife has not heard from him in two years. She says he had his clothes made by Jenne & Doll while here, and she thinks he is the man found Thursday. While in Louisville he was employed by the Louisville Water Co. He was well connected throughout the state.

## FROM GRANDPA'S SAFE.

He Extracted a Note and Must Now Make It Good.

Louisville, Ky., June 10.—It was shown in court Thursday by judgment given Fred Illig against his grandson, E. J. Eller, that Eller had extracted a note for \$500 from a safe and destroyed it. The grandfather loaned the boy \$1,000 with which to build a house and the grandson gave two notes for \$500 each. The notes were placed in a safe, the combination of which was known only to the two men. The court held that the boy must pay back the money and \$153 more that was promised.

## FARMER HELD UP.

Thieves Took \$1,000, the Proceeds of the Sale of His House.

Louisville, Ky., June 10.—Noel Given, a farmer, was held up while coming to market Thursday morning and a wad containing, so Given says, \$1,000, taken from under the seat. Given recently sold a house, and he claims it was the money paid him for that. He was bringing the money to Louisville to be placed in bank. He was dozing when he was stopped, and the highwayman slipped out the money before he realized what had happened.

## Peacemaker's Skull Crushed.

Brownsville, Ky., June 10.—In a general row at Joppa church, John C. Smith, 50, was struck on the head with an ax by James Gentry, 17. Smith's skull was crushed to the length of five inches. The Gentry and Smith boys were engaged in a fight, when Smith appeared as peacemaker, with the above result. A posse is after Gentry.

## Expired at the Breakfast Table.

Covington, Ky., June 10.—Philip Rachford, 60, expired suddenly while seated at the breakfast table at his home, Greenup street. His death recalls a shooting affray. John Buckley, a constable, had, it was alleged, wronged one of his daughter and Rachford wounded him so severely that he was not expected to live.

Covington, Ky., June 10.—The domestic troubles of Dr. and Mrs. B. F. Eckman, prominent residents, reached the divorce court Thursday. It developed that although they have continued to live in the same house, at 1901 Madison avenue, they have been as strangers to each other.

## DREAD PNEUMONIA

The Disease, Says Dr. Wells, of Chicago, is a New Menace to Civilization.

## VIRULENTLY COMMUNICABLE.

Dr. Sternberg Doubts the Practicability of Any Method of Fumigating or Sterilizing a Room.

Dr. Buller Read An Instructive Paper Before the American Medical Association on the Use of Wood Alcohol.

Atlantic City, N. J., June 10.—Pneumonia, which, in the words of Dr. Edward F. Wells, of Chicago, "is a new menace to civilization," was the subject of much earnest discussion Thursday by the members of the American Medical association. At the session of the section of hygiene and sanitary science the disease was dealt with in a paper read by Dr. Wells, who stated that it was virulently communicable and the section of materia medica, pharmacy and therapeutics held a symposium for the discussion of the subject.

Dr. Wells said that the prevalence of pneumonia is remarkably on the increase. He quoted 30 cases of communicable virulence. He recommended the use of moist bed clothes before the face and nose when sneezing and coughing. He stated that the pneumococcus was present in the throat and nose of many persons and that it may be communicated by coughing or sneezing.

Dr. Sternberg, former surgeon general, who is the discoverer of the pneumococcus, or pneumonia germs, doubted the practicability of any method of fumigating or sterilizing a room in which the germs might happen to be. He discovered the germ in himself in 1880 and went to Philadelphia to complete his experiment and verified them in Europe.

Dr. George M. Kober, of Washington, said that Washington was the only city not showing an increase in pneumonia. He said that as alcoholism invites the disease and that the Negroes, of whom there are many in Washington, are not heavy drinkers, and to that fact he attributed the proportionately small number of pneumonia cases.

Dr. Frank Buller, of Montreal, read an instructive paper on wood alcohol before the section of ophthalmia. He stated that wood alcohol is very generally used in such substances as Jamaica ginger, essence of peppermint, lemon essence and cologne spirits. The danger, he declared, is entirely unknown to the public and but slightly appreciated by physicians.

"Thousands of people," said Dr. Buller, "are doubtless taking this poison into their systems. The poison in its first stage causes mild intoxication and intestinal trouble. The second stage develops aggravated symptoms of blindness, the third overwhelming prostration and death."

Dr. Buller had reports of 50 cases of which 16 had resulted in total blindness, three in partial blindness and ten in death.

## DANGEROUS COUNTERFEITS.

Man Arrested Charged With Having \$4,000 Worth of Bogus Money.

St. Louis, June 10.—A man giving his name as Marcus Crahan, aged 34, was arrested at the Delmar race track Thursday by Secret Service Operative Murphy and is now a prisoner at the four courts pending his arraignment Friday before United States Commissioner Grain on the charge of having in his possession counterfeit money. In the prisoner's possession the officer found a total of \$4,000 in \$100 gold certificates which are said to be counterfeits similar to those passed last Saturday or Monday on bookmakers at the Kenilworth and Gravesend tracks. The bills are declared by federal detectives to be very dangerous counterfeits, that ordinarily would not be detected.

J. J. Wood & Son Will Pay For Hyomei Themselves When it Fails to Cure Catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advertised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that J. J. Wood & Son, one of the best-known druggists in this section, have so much confidence in the power of Hyomei to cure catarrh that they sell it under their personal guarantee to refund the money if the purchasers can say that it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consisting of a neat inhaler that can be carried in the purse or pocket, a medicine-dropper, and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds, which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to begin the use of Hyomei, remembering that J. J. Wood & Son sell every package on a positive guarantee to refund the money if it fails to cure.

No. 805 Pease Avenue,  
 Houston, Texas, May 14, 1903.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

*Mrs. Charles Mason*  
 VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

### ST. PATRICK'S SCHOOL.

Close of a Successful Year This Morning.  
List of Prizes Awarded.

The children of St. Patrick's School were jubilant this morning. It was the close of a well spent year, and both sisters and pupils were able to rejoice.

All the classes were assembled at 9 o'clock, when Rev. Father Jones read the returns of the annual examinations. The prizes for scholarship were awarded to Misses Edna Leonard, Jessie Willocks, Bona Fitzgerald, Alice Fredericks, Master Walter Hanley and George Rosser McCarthy.

After the distribution Father Jones spoke words of feeling and encouragement to his children, which were much appreciated by the pupils. Then followed a delicious treat from the pastor, and the school came forward with a secret surprise for him which showed the grateful and zealous spirit of their young hearts.

The children regretted the absence of their kind Sister Superior, who was called away for a few days to Loretto.

The wife of 'Squire Geo. T. Beckett living near Mt. Carmel had a thrilling experience one night recently with a black snake. She was awakened by an unusual noise at night, and getting out of bed stepped on the snake but did not know what it was until she struck a match. Her feelings on seeing the snake may be imagined. The snake attempted to escape through a hole near the fire place, but she mustered up courage enough to seize it by the tail and hold it until she could call her brother who killed the intruder. The snake measured ten feet eight inches. 'Squire Beckett is a brother of Mr. James S. Beckett of this city.

## THE HIGH SCHOOL.

Annual Commencement Exercises  
Held at Opera House  
Thursday.

Class of Eighteen Received Diplomas—Eloquent Address by Rev. E. L. Powell of Louisville.

The annual commencement of the Maysville High School was held Thursday at Washington Opera House, beginning at 9:30 a. m. and closing at night with intermissions at noon and in the evening. It was a beautiful picture the stage presented with its pretty decorations of cut flowers, the teachers and large class grouped in a semi-circle, with a charming woodland scene in the background. The attendance in the forenoon was hardly up to expectations but the house was thronged in the afternoon and at night.

The exercises were opened with an invocation by Dr. Barbour, and the address of welcome was then delivered by James S. Rasp. This young gentleman has all the marks of an orator. The writer knows not what his ambitions may be, but he should certainly turn his attention to some avocation in which his gift of speech will come into play.

The essays and recitations were all good and showed marked ability and careful instruction. It must be a matter of pride to the parents, to the teachers and to the community in general that such a bright and able class of young people are growing up among us. Individual mention would be out of place where all acquitted themselves so creditably. The following was the program:

The audience at night to witness the delivery of the diplomas and hear the address of the occasion was a striking manifestation of the deep interest taken by the people of Maysville in their public schools. It must have been gratifying indeed to the members of the board.

The exercises opened with a beautiful march, given by the graduates, without a precision that showed thorough drill and preparation. At the close of Rev. Dr. Evans' fervent invocation a charming innovation was introduced in presenting the graduates with the many beautiful floral offerings showered upon them. This pleasant task was left to a bevy of lovely fairy-like Misses, and their appearance with arms full of beautiful flowers was greeted with applause.

President Sallee, in delivering the diplomas, reminded the graduates that the ending of their public school life was but the beginning of a new life, with its many duties and responsibilities, that would end only with the sundering of earthly ties, and this would mark the beginning of the life eternal. Commencements showed the work of the school, and the graduating class showed the survival of the fittest,—they were the pick and flower of the school. Following the delivery of the diplomas, Mr. Sallee referred in touching terms to the recent death of Thomas Rees, a member of the class, after he had completed his essay. His diploma, wrapped in sombre colors, was placed in the hands of his classmate, Mr. Kirk, to be handed to his mother.

Mr. Sallee also announced the honors of the class. Miss Mary McAuliffe and Francis Marshall Wilkes tied for first honors, with a general average in their studies of over 95. The other honors went to Misses Elgin, Greenlee, Dawson, Eitel, Wetzel and Poth. Mr. Sallee announced that the High School had been
